Reception March 12th 3-5 p.m.  
Pattie Brooks Anderson**

# Riding The Wind

“Ride the Wind Down the Mountain” 22x30

“Stunning color and rich black lines are the signature characteristics that make Pattie's work truly unique. "Inter-connectivity of life" is how Anderson explains the curvilinear lines that web her mystical paintings. While she is a master in oils, currently she is perfecting these marvelous reflections in ink and water media”. From story for Siuslaw News by Karen Nichols.
